Experience

Full Stack Developer - Red Ventures *05/24 - 04/26*

Typescript, Javascript, React, Next.js, Tailwind, PHP, MySQL, GraphQL, Figma

- Increased iteration speed by 50% on *edX.org* widgets by leveraging AWS infrastructure.
- Drove a 13% enrollment lift on *edX.org* through widget A/B test.
- Shipped UX changes on *nursejournal.org* that lifted revenue 40% over control.
- Migrated high-traffic scholarship forms to Next.js, supporting ~1,000 daily submissions on *bestcolleges.com*.

Mobile Developer (Full Stack) - Copper Labs *03/20 - 04/23*

Typescript, Javascript, React, React-Native, Redux, iOS, Android, Express, Bluetooth BLE, IoT, PostgreSQL, D3, Figma, XCode

- Built a data pipeline integrating utility APIs and regional carbon intensity data to calculate and visualize real-time home energy emissions for residential users.
- Reduced mobile support tickets 60% by improving hardware and data discoverability for Xcel Energy customers.
- Optimized mobile user onboarding in coordination with Pixelspace design team.

Full Stack Developer - CareLinx (acquired by ShareCare) *09/18 - 02/20*

Javascript, React, Redux, Next.js, Python, Django, PostgreSQL

- Improved family-caregiver matching through successful UX/UI redesign of the family dashboard.
- Increased onboarding completion rate by implementing gamified onboarding journey.

Skills

Languages & Databases: Typescript/Javascript • Python • PHP • Swift • Objective-C • GraphQL • SQL
Tools & Technologies: Node.js • Git • Github Actions • Figma • XCode • Docker • Wordpress • Vercel • WP Engine
Frameworks & Libraries: React • React-Native • Expo • Next.js • Tailwind • Django • FastAPI

Education

Savannah College of Art and Design — B.F.A Sound Design
